Work Experience

April/2025 - Present

SynergySuite, LLC (USA) - Podgorica Office, Montenegro

UX/UI Designer

- As a UX/UI Designer at SynergySuite, i play a key role in shaping intuitive, beautiful, and highly functional user experiences for our **hospitality management platform**. I collaborate with product managers, engineers, and stakeholders to understand the needs of restaurant owners, managers, and staff - and translate those needs into clean, effective interfaces that make complex tasks simple.

Some of my responsibilites are:

- Map out user journeys and workflows for new features
- Create wireframes, prototypes, and interaction flows to test ideas early
- Identify and resolve usability issues, refining existing features for efficiency and ease of use
- Design new features end-to-end and keep the interface polished and consistent with SynergySuite's visual style
- Develop and maintain reusable design components and a scalable design system
- Work closely with developers to ensure designs are implemented accurately and responsively

February/2024 - March/2025

Datalab, LLC (Slovenia) - Podgorica Office, Montenegro

UX/UI Designer

- Designed e-commerce websites and mobile/web apps for clients including Cerovo, Meditas Pharmacy, Rocky & Pistolatto, Norma, and Čilimara PG
- Mapped out user journeys and workflows for each client project
- Built wireframes and interactive prototypes
- Defined the visual style - color palette, typography, buttons, icons, and layout
- Ensured consistency with each client's brand guidelines
- Produced high-fidelity mockups and design systems
- Handed off designs to developers with clear specifications

November/2021 - Present

Freelance

UX/UI Designer

Designing clean, intuitive, and user-focused digital experiences alongside my full-time role - from wireframing and prototyping to final interface design. I blend creativity with research-driven insights to craft solutions that are both visually engaging and highly functional, spanning multiple platforms while ensuring consistency, accessibility, and a seamless user journey.

January/2020 - November/2020

Montenegro Airlines, PR & Branding sector - Podgorica

Translator

Translation of all types of texts for the company's official website, as well as for the company's social network accounts;

Translation of texts for Luxury In-Flight Magazine, as well as its proofreading.
